### PROFILE

I am a versatile Computer Science graduate from Federal Polytechnic Ado-Ekiti, where I achieved an Upper Credit with a 3.08 CGPA. As an experienced Website Developer and Software Developer, I excel in crafting efficient solutions using C# and the PHP Laravel framework. I am also a skilled UI/UX Designer, dedicated to delivering intuitive and engaging user experiences. With a strong digital marketing background, I hold Google Analytics and Google Ads Measurement certifications, complemented by hands-on expertise in driving advertising revenue through Google Ads Manager. My diverse skill set and results-oriented approach make me a dynamic contributor to innovative teams.

### WORK EXPERIENCE

VICTA TECHNOLOGIES LTD & ACCESS CARD NIGERIA 2024 - PRESENT

Technology Officer & Graphics Designer

- Served as Technology Officer, overseeing software maintenance, system installations, and technical support to ensure seamless operational efficiency and uptime for company infrastructure.
- Designed high-quality graphics, creating visually appealing digital and print materials to enhance brand identity and support marketing initiatives for Victa Technologies Ltd and Access Card Nigeria.
- Collaborated with cross-functional teams, integrating technology solutions and graphic designs to drive project success and improve user experience across platforms.

VANTAGE ONLINE SCHOOL 2024 - PRESENT

Website Developer (Remote)

- Developed and maintained the Vanateg Online School website, utilizing PHP Laravel framework to create a robust, user-friendly platform for online learning.
- Designed responsive and intuitive UI/UX, enhancing accessibility and engagement for students and educators through visually appealing and functional web interfaces.
- Optimized website performance, implementing updates, troubleshooting issues, and ensuring seamless navigation to support an effective virtual learning environment.
- Collaborated with stakeholders, integrating feedback to align the website's features with the educational goals and branding of Vanateg Online School.

CraftPros Resources 2023

Website Developmet & Digital Marketer

- Managed end-to-end website development projects, delivering high-quality websites for clients in various industries.
- Led a team to build responsive and user-friendly websites that enhanced client engagement and satisfaction
- Increased client base by 20% through effective digital marketing and project delivery.
